ACCESSIBILITY STATEMENT FOR "THE STABLES"

Our aim is to ensure that all of our guests have an enjoyable, comfortable and memorable stay at The Stables.

The cottage is a conversion that was completed in 2009 and was designed to ensure easy reasonable access for all guests, both externally and internally. The proprietors live in Albion House on site and are available at most reasonable times to assist guests where possible.

PARKING AND ACCESS

The off-road parking area is kerbed, level and constructed of tarmac. Lighting is on a motion sensor. Parking for 5 cars.

Two steps (Height 140mm each; Minimum depth 290mm; Width 1300mm) lead down to a block paved path (800mm wide, 1050mm wide over low kerbed edging) leading from the parking area to the front door, with low level solar lights, a distance of approx 20m. The path has a slight slope for 1.5m but otherwise is level.

RECEPTION

Keys for the cottage are held at Albion House, which is adjacent to the parking area and on the same level at the path.
